BLAST SPRING FINALS

Summer

Star Trek: Resurgence

- 9 June 2022  
Online only

As E3 shifted its gears, games journalist and industry advocate Geoff Keighley, known for creating The Game Awards, started to use his influence to bring developers and publishers together in the middle of the calendar year to collect and curate a clump of new game reveals and announcements for the gaming fans. This year's Game Fest will be a 'cross-industry showcase' including plenty of game announcements, reveals, and the return of the Day of the Devs indie game showcase. Given the fest has only slim competition this year with the cancellation of E3, it presumably has free rein to spread its wings.
- 12 June 2022  
Online Only

The newly formed behemoth of Xbox and Bethesda have set the date for their big annual showcase, which takes place as part of the Summer Game Fest. Expect new game announcements from both Xbox Game Studios and Bethesda, deeper looks into titles coming later this year - most notably Starfield - as well as potentially some more business announcements from Microsoft's games division.
- 12 June,2022 – 20 June,2022  
CSGO

Being the Most Viewed Event of June, NAVI and Vitality fought out to win the Blast event and gain the right to be called the current best team in the world.
- June,2022 – August,2022  
League Of Legends

The Riot summer split began in all the regions where regional teams will grind to win their region and try to qualify for the World Championships
- June, 2022.

One of the most awaited games in 2022; Star Trek: Resurgence was released based on the Star Trek Franchise.
